Fitness First × BALANCE weight loss & more!

The collaboration between **Balance Nutrition and Fitness First** is built on the foundation of enhancing member experience through holistic wellness, expert nutrition guidance, and digital innovation.

Our model for Fitness First is designed for

- Zero Investment
- High Impact
- Member Retention
- Higher Revenue

On-Ground Implementation & *Activation*

This phase activates the Balance Nutrition model within the Fitness First premises (starting with the Krishna Curve branch), with **no cost to Fitness First.**

A certified BN Dietitian will be deployed on-site to handle:

- Client consultations
- Full program delivery
- Lead conversion from both existing members and external walk-ins

All program operations, customer support, and backend logistics will be managed by the BN team.

Community building through *our ecosystem*

Promotional standees featuring Khyati Rupani will be installed as per proposal, drawing attention to the nutrition offering.

The partnership will be officially announced across **BN's social media platforms** and within our growing online community.

Engagement will begin with an on-ground workshop for Fitness First trainers and staff, followed by a topical workshop for women clients conducted by Khyati Rupani herself—designed to build credibility, excitement, and conversions.

Commercials:

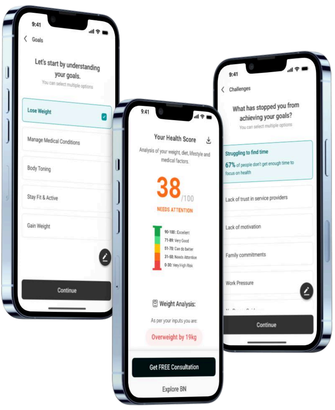
20% of all net collections (including from walk-ins and non-members) will be transferred to Fitness First monthly.

We recommend from that, **5-10%** to be given as incentives to **trainer and staff**, encouraging active participation and internal advocacy

A **real-time dashboard** will be provided to ensure full transparency on conversions, lead sources, and revenue.

Integrated Technology for *Long-Term Engagement*

Balance Nutrition will provide an **integrated APP + dashboard** solution custom-built for Fitness First. This includes**:**

- Seamless client tracking
- Program management interface
- Tools for digital communication and engagement


This technology infrastructure will allow Fitness First to **extend services beyond the gym, building community** and **brand loyalty**.
